

# SERVICE AND MAINTENANCE SCHEDULE

Tapwines.com offers a service and maintenance schedule to any accounts, whether they currently have a system built or rented by Tapwines.com or not.

Tapwines.com draws an accurate check list of what your system wealth and health situation is. According to this check list, and depending on the type of hardware in place, whether beer and / or wine, a service and maintenance schedule is outlined and customized on a minimum of a one year contract.

Depending on an account unique draft/tap system, (direct draw, retrofit, long draw, FOBS, Glycol system, etc...), Tapwines.com competitive monthly charge may vary from \$50 to \$90/month. Details of work needed to be done will be outlined in the contract, based on the first visit check list.

If an account system requires a twice a month visit for line cleaning, then Tapwines.com may charge an extra \$8/line on the second monthly visit.

Feel free to contact us if you have any questions, and/or to schedule Tapwines.com first, regular, and/or emergency visit to your location to assess and improve your current system:

- Phone: 703-772-4448
- [info@tapwines.com](mailto:info@tapwines.com)

## **Remember:**

**A system that does not work to its full potential is a system leaking money!**
